

## TREASURER'S REPORT ADDENDUM

November 12, 2017

Prepared By Dominique Moyses Steinberg, IASWG, Inc. Treasurer  
On Behalf of the IASWG Budget & Finance Committee

---

IN RE SPECIAL PROJECTS BUDGET 2018, proposed and supervised by the Finance & Budget Committee.

This addendum provides details with regard to symposium scholarships proposed in the Special Projects Budget 2018 to the IASWG Board on 11/11/17. The rest of the budget proposed (chapter events) stands as is.

---

Of the \$5,000 total budget for symposium scholarships as presented in the original special budget on 11/11/17, we agreed as follows:

### International Scholarships (10)

\$3,000 allocated for 10 international scholarships @ \$300 each, conceptualized as a matching grant of \$300 to any of the IASWG chapters (one per chapter that meets eligibility with no scholarships in this category to South Africa), resulting in a total possible \$600 subsidy for attending the South Africa symposium (or allocated to members as chapter representatives see fit). Chapters are to supervise application, eligibility, and allocation. Checks will be disbursed to chapters on a first-come first-serve basis as of 1/1/18.

### National Scholarships (10)

\$2,000 allocated for 10 national scholarships @ \$200 each, offered directly to the South Africa chapter to distribute. Funds will be transferred to the local symposium account at the start of 2018 for this purpose; allocation of the scholarships determined and supervised by the South Africa local symposium committee.

---

Disbursement of the scholarship money will be made as of January 1, 2018.
